

Save A Website Link So You Can Find It Easily

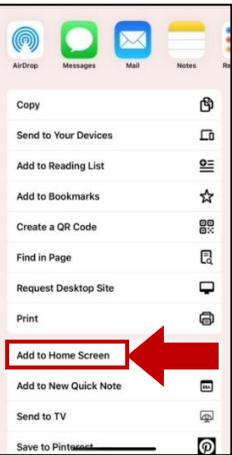

Save A Link On Your Apple Device

- Open the camera on your phone. Point your camera at the QR Code. A link will pop up on your screen. Tap the link and it will take you to the pharmacy website.

- Tap the **Install** button to add the website to your phone.

- Tap the icon at the bottom of the screen.

- Tap **Add to Home Screen**.

- Tap **Add** at the top right of the screen.

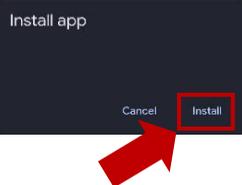

- The app shortcut appears on your phone's Home screen.

Save A Link On Your Android Device

- Open the camera on your phone. Point your camera at the QR Code. A link will pop up on your screen. Tap the link and it will take you to the pharmacy website.

- Tap the **Install** button to add the website to your phone.

- Tap the **Install** button again.

- The app shortcut appears on your phone's Home screen.

Change Language

- Tap the globe in the top right of the screen.

- Tap the language, then tap **Select Language**.
